DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claim 1 is rejected under 35 U.S.C. 103(a) as being unpatentable over Suzuki (5,647,929) in view of Mirtain (3,509,930).

The only difference between the Suzuki motorcycle tire of Figure 1 and the claimed tire is the sidewall reinforcing plies being outward rather than inward of the carcass turnup portions, however this is a conventional alternative arrangement for such sidewall reinforcing plies as evidenced by Mirtain (embodiment of Figure 1 and alternative embodiment of Figure 5) for example. It would therefore have been obvious to one of ordinary skill in the art to provide such conventional alternative arrangement of the sidewall reinforcing plies in the above tire.
